

REVES 2010- HAVANA, CUBA- MAY 19-21, 2010

Public Health Intervention to Increase Health Expectancies

Programme

(FINAL)

Day one (19 May 2010) Wednesday

The presenters will be given 20 minutes each (including discussion)

- 8:00-8:45 **Registration**
- 8:45-9:00 **Welcome remarks**
- 9:00-10:30 **Session 1: Global trends, concepts and data evaluations**
Chair: Mark Hayward
- C Jagger, C Gillies, E Cambois, H Van Oyen, W Nusselder, G Doblhammer, J Rychtarikova, J-M Robine and the EHLEIS team. Similarities and differences in Healthy Life Years across the lifecourse in Europe.
 - M G Parker, S Kelfve and C Lennartsson. Approaching retirement in Sweden: health and resources of 50 to 64-year-olds from 1968 to 2000.
 - M Wolfson and G Rowe. Health paths dynamics – using functional health trajectories to quantify impacts on health-adjusted life expectancy (HALE) in Canada.
 - J-W Bruggink. Evaluating Dutch statistics on health expectancies.
- 10:30-11:00 **BREAK**
- 11:00-12:30 **Session 2: Trends I**
Chair: Sandra L Reynolds
- D Deeg. Should we worry about mild disability?
 - N E Rice, L A Lang, W Henley and D Melzer. English baby-boomers nearing retirement: period and cohort trends.
 - M Thorslund, J Wastesson, M Lagergren and M G Parker. The rise and fall of women's advantage: national trends in life expectancy after 65.
 - A María Franci, L González and E Peláez. Dependency and disability among the elderly. Argentina 2002-03.
- 12:30-13:30 **LUNCH** (the grounds of the Hotel Nacional, about 50 meters from our conference room)
- 13:30-15:00 **Session 3: Social and gender inequality**
Chair: Henrik Brønnum-Hansen
- S Fors, B Meinow, M G Parker and M Thorslund. Social inequalities in complex health problems among the oldest old in Sweden 1992 – 2002: toward a social epidemiology of the fourth age.
 - F C D Andrade, P E Guevara, M L Lebrão, Y A O Duarte and J L F Santos. Gender differences in life expectancy and disability-free life

- expectancy among older adults in São Paulo, Brazil.
 - J K Montez and M D Hayward. The functional form of the relationship between educational attainment and all-cause adult mortality in the United States.
 - A Oksuzyan, R Jacobsen, K Glaser, C Tomassini, J W Vaupel and K Christensen. Sex differences in medication and primary healthcare use before and after spousal bereavement at older ages in Denmark – nationwide register study of over 6000 bereavements.
- 15:00-15:30 BREAK
- 15:30-16:30 **Keynote George Myers Lecture: Dr. Cecilia Albala**
- 16:30-17:40 **Session 4: Public health interventions & health expectancies**
Chair: Yasuhiko Saito
- W Nusselder, C Jagger, H Van Oyen, E Cambois and J-M Robine. Public health interventions to increase health expectancies: possible methods to overcome the gap in the evidence base.
 - M L Smith, M G Ory, B Resnick, S N Ahn and T L Bazzarre. Utility of the EASY tool screening for evidence-based intervention enrollment: assessment of program completion and outcomes among older adults in Texas.
 - R Ham-Chande. Requirements and hurdles to implement public intervention to improve health expectancies and well-being of the elderly in Latin America.
- 19:00 **CONFERENCE DINNER AND CABARET** *venue subjects to be confirmed*

Day two (20 May 2010) Thursday

- 8:30-10:30 **Session 5: Methods – measures, models, simulations**
Chair: Jean-Marie Robine
- C Giudici, M F Arezzo and N Brouard. Estimating health expectancy in presence of missing data: an application using HID survey.
 - E Cambois for the EHLEIS group. Sullivan vs Eurostat assumptions on disability in institutions: impact on health expectancy estimates.
 - F Herrmann. Which regression models to use with repeated incidence data.
 - A Andreotti, A Brogini and N Minicuci. An evaluation of the performance of learning algorithms in the Bayesian Networks method using the World Health Survey data.
 - A Palloni and K Noronha. Life expectancy, healthy life expectancy and the effects of early life conditions: the case of Latin America and the Caribbean.
- 10:30-11:00 BREAK
- 11:00-12:30 **Session 6: Education and race differentials I**
Chair: Carol Jagger
- B Klijs, W J Nusselder, C W N Looman and J P Mackenbach.

- Contribution of chronic disease to educational inequalities in the burden of disability.
- H Beltrán-Sánchez. Estimating healthy life expectancies for the elderly Mexican population by level of education using Imach.
 - L G Martin, Z Zimmer and B-S Hurng. Trends in Late-life disability in Taiwan by education and Mainlander status, 1993-2007.
 - M Hayward, R Wong, C-T Chiu and C González. Does the Hispanic epidemiological paradox in mortality extend to disability? Comparisons of migration groups across the Mexico-U.S. border.
- 12:30-13:30 LUNCH (the grounds of the Hotel Nacional, about 50 meters from our conference room)
- 13:30-15:00 **Session 7: Trends II**
Chair: Jean-Pierre Michel
- T Brugha, R Matthews, G Vilagut, J Alonso, the ESEMeD/MHEDEA 2000 Investigators, C Jagger. Mental health expectancies across Europe.
 - S L K Cheung and P S F Yip. Trends in dementia-free life expectancy in Hong Kong SAR.
 - H Brønnum-Hansen, M Kruse, J Sørensen and K Helweg-Larsen. Life expectancy and health expectancy among victims of violence in Denmark.
 - C Elvira, A María Franci, L González and E Peláez. Average years of healthy life (without disabilities) Argentina 2002-2003.
- 15:00-15:30 BREAK
- 15:30-17:30 **Session 8: Oldest-old and longevity**
Chair: Dorly Deeg
- A Dutta, I Lang, R Wallace and D Melzer. Predictors of elite survival in the Iowa EPESE study: cohort follow-up to “extinction”.
 - M Poulain. Demographic trajectory of oldest old in Belgium.
 - H Beltrán-Sánchez and J Ailshire. The role of health and health behaviors in determining survivorship among the U.S. oldest-old.
 - J Margrett, P Martin, M MacDonald, G daRosa, A Bishop, G K Randall and L W Poon. Exceptional Longevity: The Case for Resilience and Vitality in Late Life.
 - S J Olshansky, D P Goldman, Y H Zheng and J W Rowe. Aging in America in the twenty-first century: demographic forecasts from the MacArthur Foundation Research Network on an aging society.
- 19:00 **WHOLE GROUP DINNER IN OLD HAVANA** *venue subjects to be confirmed*

Day three (21 May 2010) Friday

- 8:30-10:00 **Session 9: Trends III**
Chair: Wilma Nusselder
- C Jagger, R Matthews, D King, A Comas-Herrera, E Grundy, R Stuchbury, M Morciano, R Hancock and the MAP2030 team. Creating

a harmonised disability measure across British national surveys from the hierarchy of activities of daily living.

- B K H She. Life and health expectancy for the elderly in Hong Kong from 2004 to 2008.
- H Van Oyen. The impact of smoking on a long and healthy life.
- N Minicuci and A Andreotti. Meta-analysis on interpersonal violence data among intimate partners: the PHASE project.

10:00-10:30

BREAK

10:30-12:30

Session 10: Education and race differentials II

Chair: Emmanuelle Cambois

- V Yong and Y Saito. Are there education differentials in disability and mortality transitions and active life expectancy among older Japanese adults? Findings from 1999-2009 NUJLSOA.
- D C Brown, M D Hayward and R A Hummer. Spousal education and mortality among older U.S. adults.
- S K C. The relationship between education and adult disability and population projections.
- P Deboosere. Improving health expectancies and the inequality paradox.
- C-T Chiu, M D Hayward, D C Brown and J K Montez. Longer life vs. better life: life expectancy for US whites, blacks, and hispanics.

12:30-13:30

LUNCH (the grounds of the Hotel Nacional, about 50 meters from our conference room)

13:30-15:00

Session 11: Disability and old-age mortality

Chair: S Jay Olshansky

- J-P Michel. Alternation of compression and expansion of disability: geriatric perspectives.
- C Himes and S Reynolds. The role of obesity in falls-related disability.
- B Novak. Obesity and Subjective Survival Expectations in the Context of a Latin American Country: Costa Rica.
- M Lagergren and M Thorslund. Old-age mortality depending on disability level and mode of long-term care.

15:00-15:30

BREAK

15:30-16:30

Closing ceremonies, next year's conference and adjournment

19:00

STEERING COMMITTEE DINNER *venue subjects to be confirmed*
